The Iranian Strategy in the Nuclear Talks and the Options Facing Israel

written by Meir Ben Shabbat | 05.05.2025

Meir Ben Shabbat: Any agreement must include the following components — elimination of enriched uranium stockpiles and destruction of Iran's centrifuges and conversion and enrichment facilities. In the context of weapon systems, Iran must cease all planning and development activities related to the weapons system [nuclear warheads], fully expose past activities, and dismantle research centers engaged in warhead technologies, which operate under academic and civilian cover.

Iran must stop its ballistic missile program, intended for nuclear warheads.
