

Is there a real threat of Iran getting directly involved in this war?

written by Brig. Gen. (res.) Yossi Kuperwasser | 01.10.2024

Brig. Gen. (res.) Yossi Kuperwasser: Unfortunately, the Iranians feel compelled to intervene, taking significant risks in the process and putting us at risk as well.

This is yet another example of how dangerous the regime in Iran truly is. I believe the goal should be to make Iran and its allies in the Middle East understand that they cannot win a war against Israel and that the price they are paying is exceedingly high. For this reason, they should cease their attempts to initiate conflicts against Israel.

written by Ruth Wasserman Lande | 01.10.2024

Ruth Wasserman Lande: First, the 60,000 to 70,000 Israeli civilians have the right to return to their homes and live without the fear of the Radwan forces, similar to the way Hamas operated in the south.

Surprisingly, the moment a sovereign and independent state like Israel—despite being a democracy—finally responded after exercising tremendous restraint for 11 months, the notion of a ceasefire suddenly emerged. It's truly astounding.

Palestinian President Abbas slams Israel, US during UN speech as critics decry his support for terrorism

written by Prof. Kobi Michael | 01.10.2024

Prof. Kobi Michael: The PA and Abbas duplicate all of the corruption, nepotism, and inefficiency of the Palestine Liberation Organization” that was created by Arafat. Abbas does not accept the basic right of the Jewish people to self-determination, and therefore he doesn’t recognize the right of the state of Israel to be a nation state of the Jewish people in any borders.

He has not educated the young generation and has not educated PA officials for peace. On the contrary, Abbas has led and enabled the indoctrination toward hatred and toward delegitimization of the state of Israel.

We are not afraid of an all-out war

written by Prof. Kobi Michael | 01.10.2024

Prof. Kobi Michael: We need to show that we are not afraid of an all-out war. We will continue to fight Hezbollah and they must understand, as the Lebanese government and the international community, what the results of a multi-regional war could be.

I think that the only proposal that Israel should accept is full realization of UN security Council resolution 1701 and not stopping the fire. Otherwise we will find ourselves in a situation where the government will not be able to realize our sovereignty in the North and unabling to convince the residents to return to their homes..
