Hamas has residual rocket capabilities

written by Prof. Kobi Michael | 26.05.2024

Prof. Kobi Michael: Hamas fired rockets to central Israel for the first time in months They have soma capacities about long-range rockets. Now that the IDF is getting closer to their centers of gravity, they don’t have any other option than to use them.

The interview took place on the I24 TV channel on May 26, 2024.
