Israel launches major West Bank raid as minister calls for Gaza-style operation

written by Prof. Kobi Michael | 29.08.2024

Prof. Kobi Michael: The Iranians and Hamas leadership abroad are making huge efforts to supply and fortify the terror infrastructure in the West Bank by smuggling weapons, explosives, and money from Lebanon through Syria and Jordan, and then to the northern districts of the West Bank.

The IDF is taking a “much more aggressive” approach in response to a perceived growing threat. Hamas had threatened to deploy suicide bombers in Israel after a failed bombing in Tel Aviv last week.
