Deterrence in Transition: Israel’s Strategic Imperative

written by Prof. Kobi Michael | 13.11.2026

Prof. Kobi Michael warns that Israel’s internal political instability emboldens adversaries like Iran, stressing the critical need for Israeli leadership to project unity on security during transitional periods.

He also criticizes diplomatic concessions toward radical regimes, arguing that the U.S. must maintain maximum pressure while Israel establishes a broad, unified government.

The full interview took place on Kan English on November 12, 2026.
