

# Iran's supreme leader Mojtaba Khamenei 'misfunctioning,' not controlling regime

written by Prof. Kobi Michael | 19.03.2026

Prof. Kobi Michael: The new leader is an empty entity. Mojtaba Khamenei does not appear in public, but we also have reliable information that he does not control or lead the regime or what has been left of the regime.

The current Iranian leadership is broken, confused and is almost misfunctioning.
