U.S. decision to halt a shipment of weapons was already a ”troubling signal”

written by Prof. Kobi Michael | 09.05.2024
Prof. Kobi Michael: Biden is committed to the security of Israel by supplying Iron Dome and Arrow interceptors … but not sophisticated 2,000-pound bombs that will enable to IDF to attack Hamas.

Israel is allowed to defend itself only from its ground by intercepting rockets and missiles but it is not allowed to defend itself by attacking the source and generators of terrorism in Gaza or other places?
