The Americans are trying to weaken Israel

Prof. Kobi Michael: Instead of defeating Hamas, defeating Hezbollah, defeating the Houthis, defeating the Shiite militias, and weakening Iran … the Americans are trying to weaken Israel. They want to bring us to our knees so we will agree to Hamas's demands. At the end of the day, they are normalizing Hamas and keeping Hamas as the sovereign power in the Gaza Strip. This will give encouragement to the Iranian axis and create huge challenges for Israel on all the other fronts.
