

UN's own data shows most of its aid is looted

Prof. Kobi Michael: Not only did human rights organizations and many media outlets base their faulty reports on information published by Gaza's Ministry of Health, which is run by Hamas, they also did not "take the nature of Hamas seriously.

Hamas is not the most reliable source in the world. The international media and other sources do not consider the interests of Hamas, or its strategy, and they do not seem to acknowledge that Hamas wants a chaotic situation in the Gaza Strip. Hamas wants there to be many casualties among Palestinian civilians, because it serves their interests.

Just to listen to what Hamas leaders have been saying since October 7. They have promised to repeat October 7 again and again, they have called on the Arab world to join the armed resistance against Israel and on the Arab public to pressure their regimes.

They have also said publicly, and loudly, that they have no problem sacrificing another 100,000 Palestinian civilians for the sake of the victory.
